**FOR IMMEDIATE RELEASE**

**ECHO HEALTHCARE ANNOUNCES FOUR TRANSACTIONS RECENTLY  
COMPLETED BY XLNT VETERINARY CARE**

**VIENNA, Virginia—November 8, 2006—Echo Healthcare Acquisition Corp.** (“Echo” or the “Company”) (**OTCBB: EHHA.OB**), a blank check company, announced today that XLNT Veterinary Care, Inc. (“XLNT”), a provider of veterinary primary care services to companion animals through a network of fully-owned veterinary hospitals, has acquired four additional veterinary hospitals in California during the month of October. Terms of the four transactions were not disclosed. Echo previously announced on September 11, 2006 that it entered into a definitive agreement to acquire privately-held XLNT, which operates under the name Pet DRx, in a transaction expected to close in the second quarter of 2007.

Robert Wallace, XLNT’s CEO, stated, “I am extremely pleased that we have been able to add these high quality hospitals and doctors to the Pet DRx family to further augment our growing network. These acquisitions, coupled with our definitive agreements and letters of intent, demonstrate significant progress toward meeting our previously stated revenue objectives for the full-year ended December 31, 2006. We look forward to completing our merger with Echo so we can have access to additional resources to fund the expansion of our veterinary care services and network.”

“These acquisitions demonstrate XLNT’s ability to execute on its strategy of identifying and completing multiple acquisitions in the rapidly growing veterinary primary care marketplace, which is one of the primary reasons we were attracted to this investment opportunity,” said Gene Bursleson, Echo’s CEO.

As of November 6, 2006, XLNT has executed definitive agreements to acquire five additional veterinary hospitals, four of which are expected to close within the next 30 days. In addition, the company has entered into nonbinding letters of intent with seven additional hospitals.
