FOR IMMEDIATE RELEASE

**ECHO HEALTHCARE ANNOUNCES FOUR TRANSACTIONS RECENTLY
COMPLETED BY XLNT VETERINARY CARE**

VIENNA, Virginia—March 15, 2007—Echo Healthcare Acquisition Corp. (“Echo” or the “Company”) (**OTCBB: EHHA.OB**), a blank check company, announced today that XLNT Veterinary Care, Inc. (“XLNT”), a provider of veterinary primary care services to companion animals through a network of fully-owned veterinary hospitals, has acquired four additional veterinary hospitals in California during the month of February. Terms of the four transactions were not disclosed. Including these four transactions, XLNT has now purchased a total of 13 hospitals since Echo announced on September 11, 2006 that it had entered into a definitive agreement to acquire XLNT. Echo’s acquisition of XLNT is expected to close in the fourth quarter of 2007.

Robert Wallace, CEO of XLNT, stated, “The transactions announced today fit our previously stated acquisition criteria of targeting hospitals in densely populated suburban areas with favorable pet ownership demographics. We believe XLNT’s network, which now includes 24 hospitals in desirable locations and an excellent group of employees, positions the company to take advantage of growth opportunities as a consolidator in the highly fragmented veterinary care services industry.”

Gene Burleson, CEO of Echo, commented, “In the six months since we announced our proposed acquisition of XLNT, much has been accomplished. This most recent series of transactions completed by XLNT moves the company significantly closer to achieving the conditions required by the amended merger agreement. The next steps in consummating Echo’s acquisition of XLNT include the completion of the financial audits by XLNT and certain of its subsidiaries and obtaining the required approval by Echo’s stockholders. The holders of a majority of XLNT’s voting power approved the acquisition by Echo by written consent effective March 5, 2007. We remain optimistic that we will be able to complete the acquisition of XLNT in the fourth quarter of 2007.”

As of March 15, 2007, XLNT has also executed agreements to acquire four additional veterinary hospitals which are expected to close in March.
